

PES UNIVERSITY, Bangalore
(Established under Karnataka Act No. 16 of 2013)
Department of Computer Science & Engineering
Batch 2024-2028

Summer 2026, Summer 2027 and 8th Semester Internship

Internship Guidelines

Internships form an integral part of the undergraduate curriculum and provide students with valuable industry and research exposure. This document presents the rules, credit structure, timelines, and procedures governing internships eligible for academic credit.

Students can earn internship credits only by completing internships during the approved internship periods listed below:

Slot 1: June-July 2026

or

Slot 2: June-July 2027

and

Slot 3: 8th Semester (completion of internship on or before the last working day as per the PES University Academic Calendar)

General Rules for Internship:

1. Academic credits will be awarded only for internships completed during the approved internship periods specified above.
2. Internship during the **8th semester is mandatory**, and students can get upto **6 credits or 8 credits**.
3. During the summer term, students may earn a **maximum of 2 credits**, and credits can be claimed in any one summer slot. Once credits are awarded, they cannot be withdrawn.
4. Students who earn **2 credits during the summer internship** may claim only the remaining **6 credits during the 8th semester**. Students who do not claim summer credits must complete all **8 credits during the 8th semester internship**.
5. During summer internships, only **paid internships offered by companies** are eligible for academic credit. Unpaid internships may be considered only if undertaken at reputed organizations such as **IISc, IITs, NITs, IIITs, or other Central Government institutions**
6. For internships undertaken at the PESU Research Centre, credits will be awarded only upon compliance with all guidelines and regulations of the respective research centre.
7. Internship duration and credits shall follow the rule:
Every two weeks of internship duration = One academic credit.

Department of Computer Science & Engineering
Batch 2024-2028

Summer 2026, Summer 2027 and 8th Semester Internship

Credit Distribution:

Students can claim credits by using any one of the options as per the below table:

Credits claimed	Jun-July(2026)	Jun-Jul(2027)	Jan-May(2028)
Option 1:	2	0	6 only
Option 2:	0	2	6 only
Option 3:	0	0	8

Internship Type :

Internships may be undertaken either off-campus or on-campus ie through PESU Placements, and in both cases, the internship may be paid or unpaid, subject to eligibility rules.

A special provision exists for students opting to complete their final year of engineering at a reputed foreign university under the Study Abroad Programme. Students who have finalized plans for the Study Abroad Programme must obtain prior approval from the Department Chairperson by submitting complete details of the proposed credit plan (with a minimum of 20 credits) before departing the country. Credits earned at the host university will be appropriately transferred to PES University and considered for the student's grade and result computation.

Note: On-Campus internship are the one offered through PESU placements.

Department of Computer Science & Engineering
Batch 2024-2028

Summer 2026, Summer 2027 and 8th Semester Internship

Internship Registration:

All students are required to register their internships through the Google Form hosted by the department—in June for summer internships and in December/January for 8th semester internships.

Internship Approval:

For off-campus internships (paid or unpaid) and on-campus unpaid internships, departmental approval is mandatory to be eligible for academic credit. Upon completion of the registration process, the **approval status will be communicated to the student via email.**

Internship Evaluation:

Internship evaluation is based on the feedback received from the student's Manager or HR representative at the organization.

Step 1: The student submits the Manager/HR contact details by completing the form hosted by the department.

Step 2: The department sends an email containing the online Internship Evaluation Form link to the manager.

Step 3: The Manager/HR submits the evaluation by:

- Completing the online form using the provided link, or
- Sending the completed evaluation form from their official company email ID only.

Note: Evaluations submitted using personal email IDs (e.g., Gmail) will not be considered.

Step 4: The department calculates the grades based on the feedback received.

Special Case: Non-availability of Company Evaluation

If the organization is unable or unwilling to provide an evaluation, the department will conduct an internal assessment in offline mode only, in such cases:

- The student must present the internship work before a committee appointed by the Department Chairperson.
- The committee's feedback will be considered final for grade computation.
- Final grades are determined based on the Manager/HR or committee evaluation, as applicable.

Procedure to obtain No Objection Certificate (NOC) for Internship:

Note: An NOC may be requested **only if required by the company** for issuing the internship offer letter.

Procedure:

1. The student must submit a written request letter addressed to the Chairperson, Department of CSE, requesting the issuance of a No Objection Certificate. The letter must clearly mention the company name and the internship start and end dates.
2. The student must obtain the Chairperson's signature on the request letter and submit the signed letter at the Ground Floor, CSE Office
3. Upon submission, the request will be processed, and the NOC will be issued within 1 to 2 working days.

Requests for NOC made via email will not be entertained.
